EDUCATION

University of Stavanger (UiS) – Stavanger, Norway (*Nov 2023 – Present*)
Integrated Master's Program in Computer Science (5-year plan)
Expected Graduation: B.Sc 2026, M.Sc 2028
- Relevant Courses: Web Development, Software Engineering, Databases, Operating Systems, Algorithms & Data Structures, Computer Networks

---

TECHNICAL SKILLS

- Languages & Frameworks: C# (.NET), Python, JavaScript, HTML, CSS
- Databases: SQLite, SQL (relational database design & queries)
- Tools & Systems: Git, Agile methods
- Areas of Interest: Web Development, Software Engineering, Real-time Data Systems

---

PROJECTS & HACKATHONS

- **Equinor Energy Optimization (Atea Hackathon)** – Participant
  - Developed a prototype for real-time electricity cost optimization using live data, focusing on demand peaks (e.g., morning/evening).
  - Applied Python and data-handling techniques to design a cost-efficient energy usage model.
  - Collaborated in a team environment to pitch and present the solution.
- **.NET Development Projects (Course & Personal)**
  - Built applications using C# and .NET, with SQLite as the database backend.
  - Implemented CRUD operations and data persistence, showcasing full-stack development skills.
  - Strengthened understanding of object-oriented programming, databases, and back-end logic.
- **Personal Web Projects** (*see portfolio*)
  - Designed responsive front-end applications in JavaScript, HTML, CSS, and Python.
  - Integrated Git for version control

WORK EXPERIENCE

- **Meny (Kuben), Hønefoss – Store Associate** (*Nov 2022 – Present*)
  - Delivered customer service to hundreds of people daily, improving communication and problem-solving skills.
  - Trained in handling transactions and responsibility under pressure.
- **Toso Skole, Jevnaker – SFO Assistant** (*Jun 2021 – Jul 2022*)
  - Supported children's daily activities, developing patience, responsibility, and leadership.
- **Kistefoss Museum, Jevnaker – Security Staff** (*May 2024 – Sep 2024*)
  - Ensured visitor safety and provided assistance during events.
